AM. ADVENTURE IN PUBLIC EDUCATION

UNIVERSITY PROFESSOR GIVES COMMENCEMENT ADDRESS.

The final scene of the commencement exercises of the Class of 1922 occurred Thursday night at the School, auditorium. Prof. Clifford Woody of the University of Michigan was the speaker and he took for his theme the subject "American adventure in Education."

He went back to the year 1840 when a town in Massachusetts passed a law compelling parents and teachers to work for the education of the people, and went thru the several phases of education up to the present time when, in America, it is possible for everyone to receive an education. The speaker stated that there had become, at the time of the signing of the declaration, a general interest in education, and it was generally conceded that if the government lives it will be because of our education. Thus the founders of our government proceeded with plans for the general education of our people.

He stated that the real struggle for education came during the period of 1830 to 1850, when there was a renewal of effort to educate the people so that they might better conduct the government, claiming that ignorance and illiteracy are the worst investments any nation can make.

His comparison of the earning power of a boy who quits school at the age of 14 years, and the high school graduate, was interesting. The former receives an average wage of \$14.00 per week while the average wage of the high school graduate is \$35 per week.

To demonstrate the rapid growth of our schools he stated that there was but one high school in the year of 1841; at the close of the Civil war there were 500 and at the present time there are more than 17,000 in the United States.

The first compulsory school law was passed in 1852. In the year 1890 there were in Michigan 2,000 high school pupils and at the present time there are 19,000. The high school attendance is eight times greater than 20 years ago.

Prof. Woody pointed out the danger of the present "retrenchment" period, wherein some cities are reducing their school curriculum and thus reducing the teaching force. This, he said we cannot afford to do and point (Continued on last page.)

W. B. A. TO HOLD RALLY

14 COUNTIES TO BE REPRESENTED BY DELEGATES.

The Woman's Benefit Association of the Maccabees will hold a big rally in Grayling next Thursday, June 26, and are busy making preparations for the entertainment of their guests. Mrs. Alberta V. Droelee, Great Commander of Detroit will be present, and the programs both afternoon and the programs both afternoon and

ALBERTA V. DROELEE

evening will be held at the High School gymnasium.

It is expected that a class of 100 will be initiated from this district, which comprises the fourteen counties of lower Michigan. The banquet in the evening will be held at Lake Margrette at Collen's Inn.

It is hoped that not only the members of Grayling Review W. B. A. will endeavor to make the visitors welcome, but also the townspeople, by the use of their automobiles in conveying the ladies to the pavilion at Lake Margrette, where the banquet will be held.

Following is the program of the day:

PROGRAM.

Afternoon.
Opening—March by Grayling color bearers, and guards.
Song—Woman's Benefit Associa-

DOUGLAS FAIRBANKS

PRESENTS

'THE THREE MUSKETEERS'

Adaptation, Cartumming, Research under Edward Gribble
Direction under Fred Nibley
Photography under Arthur Edison

"ALL FOR ONE, ONE FOR ALL!"

In this production "Doug" has achieved the ambition of his life—and registers with it, what is by all odds the great, outstanding success of his career. His is a remarkable clear-cut portrayal of the noble D'Artagnan, the wonderful hero of Dumas' amazing novel of Mediæval France.

This tremendous film is the happy culmination of a dozen years on Fairbanks' part to enact what is conceded to be the most striking and heroic figure in the entire history of literature.

For a Better Town.

CONDUCTED BY THE
GRAYLING BOARD OF TRADE.

PUBLIC NOTICE, SERVED ON THE BUSINESS AND PROFESSIONAL MEN OF GRAYLING.

A meeting of our business men was called for Monday evening, June 19th, at 8 p. m. at the Board of Trade club rooms, for the purpose of discussing several important subjects pertaining to the welfare of our business men, their business and their duties to this community and surrounding country. Practically every business man was notified of this meeting and personally invited to be present. At about 8:30 p. m. the meeting was called to order by the President of the Board of Trade. Very few of the business men were present, so few in fact that it leads one to believe that our business men are positively dead. All we need is to have them buried. This town needs live wires in business, real go-getters, and if the men who are now in business will not get out to a meeting called for their own benefit it is time they pulled out and let some one in who is a live wire. The time has come for all the business men of this town to get together and co-operate or go down and backward. Our town is positively standing still and our business men are to blame. They must get together at once and co-operate for their mutual benefit as well as for the town and surrounding country.

Another meeting of our business men is called for Monday evening, June 26th, at 8 p. m. at the Board of Trade rooms. Every business man in Grayling is asked now to arrange his affairs so that he can attend that meeting. It matters not what line of business he is in—Butcher, Tailor, Grocer or Blacksmith, he must be at that meeting for his own personal benefit. Every man present will be checked against a list of all our business men and those who fail to be present at this meeting will be listed in this column next Thursday as dead ones. The live wires in this town positively will not keep pushing the whole load alone. You and every man in business will have to lend your aid or be advertised to the community as a poor asset. Be present at the meeting Monday June 26th and avoid having your name appear in this column next Thursday.

Our Board of Trade has been doing all they can for our town. They must have more help. Our merchants are not members of this board nor are they lending their assistance in any way. Our creamery was brought here thru the efforts of the Board of Trade, and our merchants are not giving the creamery opportunity of co-operation. They order their butter from out of town, pay freight and drayage when they can buy just as good or better butter made in Grayling for less money. I say that is d—rotten. I know of a merchant who had an order for several pounds of Grayling butter—promised to deliver it to his customer, and when the delivery was made another brand of butter made outside of town was substituted. That butter was promptly returned by the customer. Every grocer in town could and should sell Grayling made butter and keep the money at home and thereby show their appreciation of what the Board of Trade has done. All our Grayling people should use the products of this creamery and insist on having Grayling made butter from your grocer and keep the money at home.

Furthermore we have in our town a good bakery. Good products are turned out in that bakery. Just as good bread or better than any from out side is made in our local bakery, but never-the-less there are now four other brands of bread being sold in Grayling, no better in quality, but considerably higher in price. Again our merchants are not doing their duty. Three grocers in this town selling Grayling made bread. Once more I say to our good people in Grayling, order Grayling bread from your grocer and insist on having it, thereby keeping the money at home and boosting your town.

Our merchants are continually finding fault and kicking their heads off because some one does not patronize home people. Our merchants are mighty lax on this principle themselves. It would be a mighty good idea for each one to correct their own faults along this line first and then their grievance would bear listening to. If our merchants are going to progress it is time they were sitting up and taking a little interest in what is going around town instead of trying to roll all the dollars thru their own doors.

Unless we get busy and boost for Grayling, and co-operate with the Board of Trade we are going back, back, backward. This means every business man in Grayling. Get out next Monday evening and rub shoulders with your fellow business man—you will feel better for it. Co-operate.

PRO BONO PUBLICO.

HOLGER F. PETERSON, President.

GRAYLING WINS FROM K. OF CS.

"BABE" LAURANT PITCHES FAULTLESS BALL, ALLOWING ONE HIT IN 12 INNINGS.

With seven straight victories under their belt the Grayling base ball team clashed with the strong K. of C. team of Bay City Saturday and Sunday taking both games. Fans expected to see some close games, and they had the opportunity Saturday of seeing one of the prettiest games of ball ever played on the home field, and no doubt one of the closest played by any two amateur teams in Michigan. Goose eggs formed the score for eleven innings on both sides; while Grayling had chances at times to score they were nosed out each time by their adversaries. In the twelfth inning came the climax when Otto Nelson, playing his first game of the year drew out a single and reached first, and the score that won the game for Grayling was tallied when "Fuzzy" Reynolds, Grayling's shortstop beat out one to the field fence scoring Nelson. "Babe" Laurant on the mound for Grayling was at his best, allowing but one hit during the whole

"LAUGH AND THE WORLD LAUGHS WITH YOU; WEEP AND YOU—" (BUT, WHY WEEP?)

The work of three of the most competent and popular comic artists has been combined in the new comic feature which greets readers of the **AVALANCHE** this week. The feature includes a cartoon by Mr. Kett, whose pictures are in great demand from coast to coast; a comic by Charles Sughrue, creator of "Mickey, the Printer's Devil," and a comic by L. F. Van Zelm, who has made a ten-strike with his series, "Aw, What's the Use?"

This is a feature which in its class compares with the best presented by any newspaper, and we are confident that readers of the **AVALANCHE** will appreciate it to the extent that its quality justifies.

MAKE APPLICATION TO ATTEND HIGH SCHOOL BEFORE JUNE 26.

Students who expect to attend high school next year please remember that application to your district board for tuition must be made on or before the fourth Monday of June. Comm'r of Schools, John W. Payne.

"LUKE'S HERE!"

SYNOPSIS. Wealthy and highly placed in the Chicago business world, Benjamin Corvet is something of a recluse and a mystery to his associates. After a stormy interview with his partner, Henry Spearman, Corvet seeks Constance Sherrill, daughter of his other business partner, Lawrence Sherrill, and succeeds in his purpose not to marry Spearman until he returns. He then disappears. Spearman learns Corvet has written to a certain Alan Conrad, in Blue Rapids, Kansas, and exhibited strange agitation over the matter. Corvet's letter summons Conrad to a year of unemployment in Chicago. Alan arrives in Chicago. From a statement of Sherrill it seems probable Conrad is Corvet's illegitimate son. Corvet has decided his house and its contents to Alan, who takes possession. That night Alan discovers Corvet's secret safe and bureau drawers in Corvet's apartments. The appearance of Alan tremendously astounds the intruder, who appears to think him a ghost and raves of "the Miwaka." After a struggle the man escapes. Alan is astounded to find Sherrill that Corvet has doctored his entire property to him. Introduced to Spearman, Alan is astonished at the discovery that he is the man whom he had sought in his house the night before. Alan tells no one of his strange encounter, but in a private interview with Spearman reveals his facts. Spearman is greatly disturbed. Spearman's mind against Alan. Somebody tries to kill Alan in the night.

CHAPTER X.

A Caller.

As the first of the month was approaching, Wassaquaman had brought his household bills and budget to Alan that morning directly after breakfast. To furnish Alan with whatever sums he needed, Sherrill had made a considerable deposit in Alan's name in the bank where he had opened his own account; and Alan had accompanied Sherrill to the bank to be introduced and had signed the necessary cards in order to check against the deposit.

Alan had required barely half of the hundred dollars which Benjamin Corvet had sent to Blue Rapids, for his expenses in Chicago; and he had brought with him from "home" a hundred dollars of his own.

The amount which Wassaquaman now desired to pay the bills was much more than Alan had on hand; but that amount was also much less than the eleven hundred dollars which the servant listed as cash on hand. This, Wassaquaman stated, was in currency and kept by him. Benjamin always had had him keep that much in the house; Wassaquaman would not touch that sum now for the payment of current expenses.

On the first of the month, therefore, Alan drew upon his new bank account to Wassaquaman's order, and in the early afternoon Wassaquaman went to the bank to cash his check—one of the very few occasions when Alan had been left in the house alone; Wassaquaman's habit, it appeared, was to go about on the first of the month and pay the tradesmen in person.

Some two hours later and before

Wassaquaman could have been expected back, Alan, in the room which had become his, was startled by a sound of heavy pounding, which came suddenly to him from a floor above. Shouts, heavy, thick and unintelligible, mingled with the pounding. He ran swiftly down the stairs, then on and down the service stairs into the basement. The door to the house from the area-way was shaking to irregular, heavy blows, which stopped as Alan reached the lower hallway; the shouts continued still a moment more. Now that the noise of pounding did not interfere, Alan could make out what the man was saying. "Ben Corvet!"—the name was almost unintelligible—"Ben Corvet! Ben!" Then the shouts stopped, too.

Alan sped to the door and turned back the latch. The door bore back upon him, not from a push, but from a weight without which had fallen against it. A big, heavy man, with a rough cap and mackinaw coat, would have fallen upon the floor if Alan had not caught him. His weight in Alan's arms was so dull, so inert, that, if violence had been his intention, there was nothing to be feared from him now.

Alan looked up, therefore, to see if any one had come with him. The aisle and the street were clear. The snow in the area-way showed that the man had come to the door alone and with great difficulty; he had fallen once upon the walk. Alan dragged the man into the house and went back and closed the door.

He returned and looked at him. The man was like, very like the one whom Alan had followed from the house on the night when he was attacked; certainly that this was the same man came quickly to him. He seized the fellow again and dragged him up the stairs and to the lounge in the library. He was, or had been, a very powerful man, broad and thick through with overdeveloped, almost distorting muscles in his shoulders; but his body had become fat and soft, his face was puffed and his eyes watery and bright. His brown hair, which was shot all through with gray, was dirty and matted; he had three or four days' growth of beard. When he sat up and looked about it was plain that whisky was only one of the forces working upon him—the other was fever which burned up and sustained him intermittently.

"Hello!" he greeted Alan. "Where's the doctor?" he asked. "The doctor was coming to see if the doctor was coming."

He had called the doctor because in his first sight of Luke he had not recognized that Luke was beyond the aid of doctors and because to summon a doctor under such circumstances was the right thing to do; but he had thought of the doctor also as a witness to anything Luke might say. But now—did he want a witness? He had no thought of concealing anything for his own sake or for his father's; but he would, at least, want the chance to determine the circumstances under which it was to be made public.

He hurried back to Luke. "What is it, Luke?" he cried to him. "What can you tell? Listen! Luke—Luke, is it about the Miwaka—the Miwaka? Luke!"

Luke had sunk into a stupor; Alan shook him and shouted in his ear without awakening response. As Alan straightened and stood hopelessly looking down at him, the telephone bell rang sharply. Constance Sherrill's voice came to him; her first words made it clear that she was at home and had just come in.

"Who are you?" Alan asked.

"Say, who you? What the hell's you doing here? Never seen you before—go get Ben Corvet. Just say Ben Corvet, Lu—Luke's there. Ben Corvet'll know Lu—Luke all right; always knows me."

"What's the matter with you?" Alan had drawn back but now went to the man again. The first idea that this might have been merely some old soldier who had served Benjamin Corvet or, perhaps, had been a comrade in the earlier days, had been banished by the confident arrogance of the man's tone—an arrogance not to be explained, entirely, by whisky or by the fever.

"How long have you been this way?" Alan demanded. "Where did you come from?" He put his hand on the wrist; it was very hot and dry; the pulse was racing, irregular; at seconds it seemed to stop; for other seconds it was continuous. The fellow coughed and bent forward. "What is it—pneumonia?" Alan tried to straighten him up.

"G'day drink! . . . Go get Ben Corvet, I tell you! . . . Get Ben Corvet quick! Say—your shear? You get me Ben Corvet; you better get Ben Corvet; you tell him Lu—Luke's here; won't wait any more; gain't have my money now . . . right away, your shear? Kick me out s'oon; I guess not no more. Ben Corvet give me all money I want or I talk!"

"Talk!"

"Say you know it! I ain't goin'!"

He choked up and tottered back; Alan, supporting him, laid him down and stayed beside him until his coughing and choking ceased, and there was only the rattling rasp of his breathing. When Alan spoke to him again, Luke's eyes opened—and he narrated recent experiences bitterly; all were blamed to Ben Corvet's absence. Luke, who had been drinking heavily a few nights before, had been thrown out when the saloon was closed; that was Ben Corvet's fault; if Ben Corvet had been around, Luke would have had money, all the money any one wanted; no one would have thrown out Luke then. Luke slept in the snow, all wet through to it. He found Luke, when he went back to him, still in coma; the bloodshot veins stood out against the ghastly grayness of his face, and his stertorous breathing sounded through the rooms.

Constance Sherrill had come in a few moments before from an afternoon reception; the servants told her at once that something was happening at Mr. Corvet's. They had heard shouts and had seen a man pounding upon the door there, but they had not taken it upon themselves to go over there. She had told the chauffeur to wait with the motor and had run at once to the telephone and called Alan; his attempt to put her off made her

certain that what had happened was Ben Corvet's fault; if Ben Corvet had been around, Luke would have had

BROTHER BACON'S IDEA

"Grunt, grunt," said Brother Bacon. "What have you to say for yourself, squeal, squeal?" asked Grandfather Porky Pig.

"Grunt, grunt, what have you to say? I'd like to know, too," said Miss Ham.

"So would I, squeal, squeal," said Mrs. Pink Pig.

"And I'd like to know," said Master Pinky Pig.

"As long as we haven't anything to eat," said Pinky Pig's mother, "it is a good time to hear what Brother Bacon has to say. Of course if we had anything to eat it would be foolish to listen to him."

"Very foolish indeed, squeal, squeal," said Miss Ham.

"Extremely foolish, grunt, grunt," said Grandfather Porky Pig. "In fact I shall use a very strong word. It would be idiotic."

"You are right, Grandfather Porky," said Sammy Sausage. "Yes, you are quite right."

"Quite," said Mrs. Pink Pig, "squeal, squeal, you are quite right."

"Of course I am right," said Grandfather Porky. "I haven't lived all these years in the Pig Pen not to know that I'm right in what I say. I have lived a long time with myself and myself and I agree perfectly on all important questions."

"But let young Brother Bacon speak, for this is a good time for him."

"I have an idea," said Brother Bacon, and all the pigs squealed and grunted and wriggled their little twisted tails and looked out of the corners of their eyes and winked at each other.

"Good for Brother Bacon," they shouted. "He has an idea. Hurrah for the pig with an idea, hurrah, hurrah. Three cheers."

Brother Bacon didn't mind what they said. He didn't even mind it when Grandfather Porky said that it would be idiotic to listen to him were there anything to eat. In fact he quite agreed with Grandfather Porky as far as that was concerned.

"Yes," said Brother Bacon, "I have a real idea, and I want to talk it over with all you pigs."

They all gathered about and listened to Brother Bacon.

"Of course," he began. "I'm not sure whether the farmer would agree to my suggestion, and I don't even know if he would, understand if I tried in my pig fashion to explain my suggestion to him. But he might, he might. I have ideas on how to explain it to him."

"What is your suggestion?" they all squealed. "Tell it to us."

"Yes, I want to talk it over with all of you first," Brother Bacon said. "I thought it might be a good idea if I could persuade the farmer to let

"Let Young Brother Bacon Speak."

me go over to the neighboring Pig Pen and there call upon one of the young Miss Pigs I've seen in the distance."

"Brother Bacon has fallen in love," all the pigs squealed and they winked at each other again.

"Nonsense," said Brother Bacon.

"Then why would you go a-court- ing?" they grunted.

"Ah," said Brother Bacon. "I would go a-court- ing with the idea that my bride would help me with the market- ing. I see the farmer's wife help bring in the milk and the eggs and she gathers beans and peas and so forth."

"I would have a mate to help feed me. She would be my true mate, and I would teach her to be a loving, dutiful pig mate from the start."

"Your idea is no good, no good," said Porky Pig. "In the first place you're very conceited as you're no idea whether your Miss Pig would accept you. But I hope she wouldn't. For she's a pig, you know, even if she looks like a lovely bride from afar."

"No, don't let's get another pig into our pen. Why she'd eat up some of the food that we would otherwise have. And help you?"

"No, Brother Bacon, your idea is very foolish. She would not help to feed you, but would make you unhappy with her greedy ways."

And Brother Bacon agreed with Porky Pig's sentiments so he decided that there would be no Mrs. Brother Bacon—at least while he thought as he did now.

In Bad.

"I don't know how to go home after this poker game."

"You're only out \$4."

"But I promised my wife half my winnings," Judge.

Smitten With Herself.

One day little Nettle was found standing on a chair in front of the mirror, gazing at her pretty figure.

"Why are you looking in the glass, darling?" asked her mother.

"Cause I like the looks," was the frank reply.

Time to Reach Ideas.

"I have to tell you, miss, that it will need five years of intensive training before you can sing as well as you think you can now."—Stockholm Son dogs. Nine.

SMART SUMMER SUITS;
NEW SUMMER BLOUSES

SUMMER days are long but the enthusiastic out-dooring, a humor of today finds them too short to allow her much time for changing from one suit to another. If she thinks hours of pastimes than of clothes, she selects a suit that will do double duty and spends much of her day in it, whether in the country, on the links or in town. What she likes in a suit that is at once casual in style and neat, and fabrics this summer play into her proposition, reflecting the develop-

they are always looking for something new in these infinitely varied garments. Many of them make their own blouses—enriching them with hand-work, thus indulging themselves in luxuries which would be out of their reach otherwise.

There is no lost word in the story of blouses; every month in the year brings something new in them. This makes them an all-the-year-round

feature of summer play into her proposition, reflecting the develop-

ment of the United States Department of Agriculture.

The bull offered by a breeder of purebred cattle near Lincoln to the first co-operative bull association to be organized in Nebraska was won by Saunders County, where an association has been formed, through the efforts of the county agent and a state dairy extension specialist, assisted by a head man of the United States Department of Agriculture.

AS in other associations of this character, the members will be arranged in several groups or blocks, those in each block having about the same total number of cows and all using the same bull. This association has five blocks to start with, and as many more are planned. The separate blocks do not own the bulls, but the animals are joint property of the association, and every two years they are shifted from one block to another.

It is planned to have a novel feature in this association. The blocks will be arranged in two or more circuits, each circuit made up of three or more blocks, and paying for the bulls it uses and owning them; the biennial exchange of bulls will also be confined to the circuit; but there will be one set of officers and board of directors for the whole association, the secretary-treasurer keeping record of the receipts and obligations of each circuit. The circuit system seems to combine the advantages of small associations and a large association all in one.

When the Saunders County Bull association is ready for business, it will be given the prize bull. The association will have to pay for its other bulls, but it can well afford to do so, for this method of co-operation has been found highly profitable in many other parts of the country. Its advantages are: (1) Providing high-class bulls at low expense, and thus proving the character of the dairy herds;

(2) keeping proved bulls in service

Entered as second class matter at the Postoffice, Grayling, Mich., under the act of Congress of March 3, 1879

O. P. Schumann, Editor and Proprietor

THURSDAY, JUNE 22, 1922.

For many years the people of Grayling had been begging to be supplied with fresh milk and cream, and many families could not get it. Now that we have the creamery we can get all we want. Besides these products the Creamery makes butter, and a high grade quality of butter too, but the sticker is to sell it. With many of our merchants selling West Branch, Gaylord and other makes of creamery butter, the market for the product of our home creamery is impaired. All admit we need the creamery so why not every family in Grayling demand Grayling made butter from their dealer. If this is done this home institution is going to grow, and then will be able to take in every drop of milk and cream our farmers can produce, instead of having to send them home with their products, as was necessary last Saturday when two Beaver Creek and one Maple Forest farmer had to haul their cream back to the farm. The same applies to Grayling made bread. Let's take pride in our home institutions and patronize them. Demand Grayling made butter, ice cream and bread, and if your dealer sends you some other brand, politely return it to him. Hurrah for Grayling and let's boost 'er. The Board of Trade has started a campaign in the interest of patronizing home made goods. Read their first article as it appears on the first page of the AVALANCHE this week.

During the electrical storm last Friday evening lightning followed wire that entered the Telephone office building and a fire started in the rear of the switchboards. Miss Lillian Smith, telephone operator ran down the street and gave the alarm, and some men who were standing on the steps of the postoffice formed a bucket brigade and soon extinguished the flames. The damage

SENATOR HALE IS WINNER IN MAINE

REPUBLICAN RECEIVES BIG LEAD OVER OPPONENTS IN PRIMARY ELECTION

GOVERNOR-BAXTER NOMINATED

Contestants for Maine Governorship Receive Light Vote; Senator Kellogg is Victor in Minnesota.

Portland, Me.—Senator Frederick Hale and Governor Percival P. Baxter were renominated by the Republicans by large pluralities in Monday's primary.

Although former Congressman Frank E. Guernsey, for senator, showed considerable strength in the eastern part of the state, Senator Hale carried the larger towns represented in these returns, including the city of Bath. Howard Davies was running far behind Guernsey. Hale carried Knox, Lincoln and Sagadahoc counties by large majorities.

Governor Baxter ran strong in all sections, with John P. Deering second and Leon F. Higgins third in the early returns. Baxter easily carried Knox and Sagadahoc counties and won in Lincoln county by about 300 votes over Deering.

St. Paul, Minn.—Senator Kellogg was given a big lead over his nearest opponent in the contest for the Republican senatorial nomination.

PHYSICIAN BLAMES PARENTS

Declares "Flapperitis" Causes Physical Wrecks Among Nations Youth.

Chicago—"Flapperitis" is bringing about inefficient, sleep-starved and undernourished physical wrecks among modern city youths, Dr. Clarence Bartlett, president of the Pennsylvania State Homeopathic Society, said Monday in an address before the American Institute of Homeopathy convention.

"On all hands we hear comments of the precocity of the youth of the present day," he declared. "Their flaunting of authority, their hours, their general habits as to hygiene, are all made subjects of comment. And we blame them for it. Really it is the parents who are to blame."

DETROIT TO GET CATHEDRAL

New Edifice to Be Built to Eclipse All Church Buildings.

Detroit—A new Catholic cathedral occupying two large city blocks costing a minimum of \$5,000,000 and rivaling if not exceeding St. Patrick's cathedral in New York, long considered

without peer in America in the majesty of its architecture and its interior splendor, is to be built by the diocese of Detroit.

It will stand on LaSalle boulevard, with Webb avenue the northern boundary and Lawrence avenue the southern, while Burlingame avenue, the dividing street of the two blocks, will be closed to permit of the cathedral occupying the center of the vast property.

SENATE PASSES NAVAL BUDGET

Bill Provides \$295,450,000 for Personnel of 86,000 Men.

Washington—The annual naval appropriation bill carrying approximately \$295,450,000 and providing for an enlisted personnel of 86,000 men, was passed late Monday by the senate and sent to conference with the house.

Action on the enlisted personnel, now about 115,000 is final as the senate accepted the house decision and the conferees who will deal principally with enlisted increases of about 44,000 over the house bill. There was no record vote on final passage and no effort was made to reduce the enlisted personnel.

The path of the wrong-doer is growing stonier every day in Michigan.

Fenton Red Cross Worker Awarded "Virtuti Militari" for Services.

Warsaw—J. W. Van Wert, of Fenton, Mich., has been awarded the "Virtuti Militari," the highest military decoration in the gift of the Polish Republic, in recognition of his services during the bolshevik invasion of 1920, while a member of the American Red Cross. Van Wert is seriously ill in the American hospital at Constantinople and the decoration is on its way by special courier.

BLOOD TEST SHOWS PARENTAGE

Father Agrees to Support Child After Doctor's Testimony.

Los Angeles, Calif.—A blood test convinced Everett Campbell that he is the father of a 10-month-old girl whom he was charged with failing to support. After Dr. C. L. Thudicum had told the court that a test of the defendant's blood showed him to be the infant's father, Campbell said he would accept full responsibility and asked probation so that he might earn a living for his daughter.

WHY SUFFER FROM RHEUMATISM?

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.

STATE GATHERS FINGERPRINTS OF CRIMINALS

STATE POLICE NOW HAVE A GALLERY OF "PRINTS" OF UNDESIRABLES.

MANY CRIMES THUS SOLVED

Although it is less than a year since the Michigan State Police began to perfect the identification bureau of the Department of Public Safety, a total of 8,500 fingerprints of persons convicted of crime or who have been arrested on strong suspicion of crime have been gathered in the files of the department at Lansing. In addition there are more than 4,000 photographs of criminals.

It is expected, with the co-operation of sheriffs and chiefs of police in the different counties and cities of the state, and by the courtesy of police officials in other states, that the collection of fingerprints and photographs will grow very much more rapidly in the coming year.

Modern police methods demand that identification work be made as perfect as possible. It has been proved that the systems worked out for identification of criminals are now almost infallible.

SECURE CONFESSIONS.

Already the Michigan State Police have made approximately 150 identifications of criminals by means of the fingerprint records. As these records become more complete, the results will grow proportionately.

In a number of cases persons who had committed crimes made full confession when they were confronted with fingerprint evidence.

Just at present the state police are endeavoring to impress upon local police officers the necessity, when any crime has been committed to search for any fingerprints which have been left and to prevent such fingerprints being obscured before they can be photographed.

In a recent case where there was some doubt as to whether a man had committed suicide or been murdered, the state police were chagrined to find that the revolver found lying beside the man had been picked up and handled by numerous persons. Had it been left alone the question as to whether the dead man had fired it himself could have been absolutely determined.

All persons committed to the state prisons and reformatories are now fingerprinted. Copies of these prints are filed with the Department of Public Safety at Lansing and also sent to local officials.

Police officials of Detroit, Grand Rapids, Lansing, Flint, Highland Park and other cities are sending in copies of fingerprints taken by them, as are also the sheriffs of Washtenaw, Jackson, Lenawee, Cass, Kalamazoo, Gratiot and other counties.

Captain J. H. Marmon of the Michigan State Police has charge of the identification bureau and has trained a number of the state troopers in the taking and reading of fingerprints. He

is rapidly extending this branch of the work and instructing local officers who are desirous of co-operating.

SOME GOOD CAPTURES.

Instances of the effectiveness of fingerprint identification are numerous. An orphanage at Adrian was burglarized and the money from the savings banks of the orphans taken.

Two prints of fingers were found just inside a window which had been opened by the burglar. By the use of these prints the crime was fixed upon Ray Jackson. This man escaped from jail but was later caught at Bryan, Ohio, and sentenced to prison for a crime committed there.

At another time the state police found fingerprints on pieces of glass removed from a window which had been broken by a burglar and the crime was solved in this manner.

At other times in rounding up suspects after a crime had been committed, escaped convicts, parole violators and old offenders were identified.

The Kohler Automatic you can have ample electricity for furnishing cheerful electric light, operating a running water system and for using standard house hold and power electric appliances.

When Headaches are Conquered

HEALTH TALK BY

KELDSEN & KELDSEN, Chiropractors.

When headaches are conquered and good health returns the woman of many complaints and little charm becomes a person of vivacity and happiness. The transformation is a natural one and yet many sufferers from nervous headaches have come to believe health is not for them.

Headaches are of various kinds, but the nervous headache usually is accompanied by nausea and vomiting with evidence of liver and stomach disorder. Where the case is chronic rather than one due to temporary overeating there is certain to be found a spinal condition making Chiropractic spinal adjustments a necessity if the cause of the ailment is to be removed and any degree of good health obtained.

Grayling Lodge I. O. O. F. No. 137 and Grayling Rebekah Lodge held their annual Memorial services last Sunday. Rev. C. E. Doty preaching the memorial sermon at the Michelson Memorial church at 2:30 o'clock. A large number of both orders turned out, and after the services at the church, headed by the Citizens band they marched to the cemetery and decorated the graves of deceased members.

On their return home Tuesday from Ann Arbor where they had been attending the commencement exercises of the University of Michigan, Mr. and Mrs. Andrew Brown and son Roy were accompanied by their son John and wife who will be their guests for a couple of weeks. Mr. and Mrs. John Brown were wed in Ann Arbor a year ago. He graduated this year from the department of chemical engineering at U. of M.

Clarence Brown lies in Mercy Hospital with a badly injured limb and A. G. Olson is carrying a deep gash in his chin, as the result of the Brown auto crashing into a string of flat cars last Thursday night. The accident happened at the crossing that leads to the duPont plant, or known as the duPont roads, and the string of flat cars blocked the crossing. Mr. Brown said that as he approached the crossing that the road seemed clear ahead.

I suffered with bad sick headaches and nervousness. Thanks to Chiropractic my headaches and nervousness have left me entirely. Mrs. Mary E. Baily, Chiropractic Research Bureau Statement No. 1216H.

N. M. James, a farmer living near Cheney, challenges any poultry raiser to match records with flock of 8 hens. From April 22 to May 31 this flock laid 164 eggs. These hens, he says, won't be a year old until next September. Who can beat it?

Mr. Teddy Callahan, who graduated this year from the Frederic High School, won the scholarship prize which was granted him by Supt Payne as a result of his earning the highest average standing. He is the son of Mr. and Mrs. Bernard J. Callahan of Frederic.

William H. Wallace, who for a number of years was superintendent of the local electric light plant, has accepted a position to take charge of the electric light plant and pumping station at the military reservation near Grayling. He left Wednesday to assume his new duties.

Mr. and Mrs. M. J. Boddy of Eaton Ohio enjoyed a trip to squared "spider dy," who has taught in the Grayling schools the past two years, are enjoying an outing at Lake Margrethe joining their daughter here, her term having closed the latter part of the week. Also in the party are Mr. and Mrs. Howard Chappell and children and Mrs. Florie Venton of Eaton Rapids. The latter taught a term in Frederic schools. The party motored through.

Announcements were received by friends the fore part of the week of the marriage on Thursday, June 15th of Miss Gretchen Lucille Fink and Mr. Chester Dewitt Wilcox, at Mackinaw City. The announcement read that they would be held in that city after July 1. The bride is the daughter of C. C. Fink of Grand Rapids, formerly of Grayling, and she has many friends here who will learn of her marriage with much pleasure.

Mr. and Mrs. R. D. Bailey and daughter Leila returned Sunday night from Gaylord, where they had gone to attend the wedding of their youngest son Harold C. Bailey, to Miss Irene Milboker, which occurred Thursday evening June 15. The bride was very prettily attired in a gown of white satin and beaded georgette and carried a beautiful bouquet of white roses. A beautiful wedding supper was served to the many friends and relatives at the home of the bride's parents, Mr. and Mrs. Clement Milboker. The young couple will be at home to their friends at Groveland Farm on East Main St. at Gaylord.

A petition recently signed by a large number of Gaylord citizens and presented to the Michigan Central Railroad company, brought railroad officials to Gaylord last week to inspect railroad crossings. A great number of fatalities had happened and the people felt as though the public should be safeguarded by having

signals established at the crossings to warn people of the approaching of trains. The officials immediately issued orders for the installation of electric bells and wigwag whistles on the main street crossing in Gaylord. These will ring continuously when the train approaches the block in which they will be furnished with like-wise devices as safe-guards. George L. Pfeiffer, of this city, assistant train manager, was present on the board of inspectors.

The altars of the church were abloom with flowers and foliage and the children looked very pretty.

On Monday evening, Rt. Rev. Edward D. Kelley of Grand Rapids conferred the rite of confirmation on the 24 children and a number of adults. Before the confirmation ceremony, Bishop Trudeau, Edna

Leahy and Agnes McCarthy took their part very nicely as flower girls. The church was filled with flowers and foliage and the children looked very pretty.

Recently a test was made to compare the cold-retaining power of various refrigerators. Under similar conditions as to location and icing, it was found that the air in the Leonard Cleanable was from six to eight degrees colder than the air in the others. The Leonard leads in economy as well as in efficiency.

One out of every seven refrigerators sold is made by Leonard.

We sell and recommend the Leonard. Call at our store and see this marvel of efficiency and economy. Why not today?

Michigan Happenings

Legal action has been started in the United States district court, at New York, by James Oliver Curwood, of Owosso, against the Associated Distributors, Incorporated, Edwin Carew Pictures, Bernard Finegan, Charles C. Burd and Associated First National Pictures of New York, Pittsburgh and Washington, for alleged illegal use of his name as the author of a picture entitled "I Am the Law," and for infringement of the rights of his novel, "The Valley of Silent Men." Curwood is suing for \$100,000 in addition to all money earned by "I Am the Law," and for all property rights in the production.

Bertha Nash, an 18-year-old Kalamazoo telephone operator, was remanded to jail to await trial after she pleaded not guilty to a charge of killing her child at the home of her father four weeks ago. The girl was arraigned following the verdict of the coroner's jury which charged that the infant died from exposure and wounds in the neck caused by a sharp instrument.

Representatives of all the railroads operating in the state have notified the state public utilities commission that they will file reduced schedules for intrastate traffic to meet the recent rate reductions ordered by the interstate commerce commission for interstate traffic. The cut will average about 10 per cent on all freight rate schedules.

Although a man's money may be deposited in his wife's name, it still belongs to him, according to a decision of Circuit Judge Weimer. The court returned to Charles Nurrie the \$55 which had been deposited in a Kalamazoo bank in his wife's name. Half of the money was willed by the wife, who died recently, to her relatives.

Joseph Hebert, Grand Trunk engineer, lived up to the tradition of his calling although it cost his life, when his engine jumped the track near the foot of Hastings street in Detroit and overturned. Thinking only of the passengers in the cars behind, he clung to his post and died, his hand clutching the throttle.

John Hilliker, 16 years old, was brought to the county jail at Ionia and turned over to Sheriff Hoppough by his father, Louis Hilliker, of Greenville, with the remark, "I have done all that I can for him, it is your turn now." The boy had forged a check for \$47.50 with his name to it, the father said.

John Weddel, pupil in district No. 2 fractional, Burlington township, will attend the state fair at Detroit this year at the expense of the fair society as a result of having received highest standing in recent rural school, eighth grade, diploma examinations. He received 30.7 per cent.

The will of Noah Bryant, founder of the Bryant Paper company, Kalamazoo, dividing an estate valued at \$600,000, has just been admitted to probate. The bulk of the estate was left to his daughter, Elizabeth J. Miller.

According to reports current in state circles, the candidacy of Congressman Roy O. Woodruff, of Bay City, to succeed Senator Truman H. Newberry in the United States senate, will be announced soon.

The action of the officials of the State Normal college in banning smoking among female students, was endorsed by the boards of the W. C. T. U. of Michigan, in a post-convention session at Muskegon.

William Engelman, 55 years old, a business man at Howard City for many years and a former member of the city council, died June 11. He had been ill two months.

The First State bank of Hartford, opened June 17. The former American bank building has been purchased by the new institution, and has been completely remodeled.

Third and fourth class postmasters and rural mail carriers of Bay county have organized a county welfare council of the Bay County Postal Workers.

Fifty-five students, the largest class in the institution's history will be graduated from Hope college at Holland, June 21.

Louis Goodenough, Lake Odessa farmer, was killed when struck by lightning during an electrical storm.

A junior Y. W. C. A. organization is being organized at Monroe.

Senator and Mrs. Harry New, of Indianapolis, were at the Turtle Lake club, near Alpena, spending two weeks fishing and enjoying a rest. Senator New had nothing to say concerning his defeat for renomination.

It is announced that the Michigan Pioneers' association has changed the itinerary of its annual tour, next month, at the request of the chamber of commerce, to include Owosso. The tourists will reach there July 7, and remain over night.

Five hundred dollars' fine, court costs of \$300, and probation extending over a period of four years, was the sentence meted out by Judge George O. Driscoll, in circuit court, to Frank Verna, of Ironwood, who pleaded guilty to two charges of a minor violation.

A few minutes after Mrs. Miles O'Dwyer of Vassar had gotten out of bed to tend the kitchen fire, lightning struck the roof of her house, shot through the bedroom and destroyed the locomotives were badly damaged.

MAY FINE SHIPS SELLING LIQUOR

SHIP SUBSIDY BILL AMENDMENT WOULD ASSESS \$10,000 REGARDLESS OF REGISTRY.

BARRED AFTER SECOND OFFENSE

Daugherty Asked for Ruling Whether Ships Beyond 3-Mile Limit Come Within Dry Law.

Washington—An amendment to the ship subsidy bill, imposing a fine of \$10,000 on any ship of whatever registry on which liquor is sold on a voyage starting or ending at an American port, has been presented to Republican members of the house merchant marine committee.

Proposed as a substitute for an amendment offered by Representative Bankhead of Alabama which would deny any part of the subsidy to ships selling liquor, the amendment provides that upon imposition of a second \$10,000 fine the particular ship would not be permitted to enter an American port.

Indications were given at the treasury that Attorney General Daugherty would be asked to rule whether ships under the American flag but beyond the three-mile limit were subject to the prohibition amendment and the Volstead act.

Representative Cooper, Republican, Ohio, first in a statement and later in a speech in the house, declared continuation of the selling of liquor on American boats "justified the charge made by the Anheuser Busch company to the rat-a-tat-tat of drums that once were beaten in the foothills of the south."

"No one will deny that the law breaker and the bootlegger in our land will be encouraged to carry on his work by reason of the policy of the shipping board," said Mr. Cooper, "for it places the government in the position of admitting its inability and unwillingness to enforce its own laws."

Mr. Cooper added that the shipping board "has no more right to permit liquor to be sold on government owned ships operating under the American flag than the moonshiner and bootlegger at home has to dispense his whisky and raisin juice."

SUMMER ARMY CAMPS OPENED

Youths Prepare For Reserve Officers' Corps Under 1920 Law.

Washington—Summer training camps were opened everywhere over the country June 15 under army supervision for youths of the reserve officers' training corps, part of the machinery of the new defensive military policy set up in the national defense act of 1920.

The corps now includes approximately 100,000 young men under training to become members of the officers' reserve corps or officers of the national guard, and of these it is estimated that 7,314 began the summer work of intensive field training or to round out their class room and other military work at school and colleges.

STOP RUM SHIPPING VIA U. S.

Bonded Liquor From Canada No Longer Received At Detroit.

Detroit—No more bonded Canadian liquor is being received at the port of Detroit for transit through the United States to Mexico.

The United States supreme court ruling that no more liquor would be received at American ports for transit through the United States to Mexico and South American countries went into effect June 15.

The ruling of the supreme court reverses the decision of Judge Arthur J. Tuttle of federal court last summer, that liquor could be shipped in transit through the United States to countries other than the United States.

WILL MAINTAIN COAL PRICES

Retail Coal Merchants Agree Not to Advance Price of Fuel.

Washington—Plans for maintaining bituminous coal prices during the strike at the levels fixed in the administration's program of voluntary agreement have been declared by Secretary Hoover to have been practically completed at a further conference with operators and dealers.

IRISH NEED NOT TAKE OATH.

Washington—Early announcement of President Harding's choice of the "dirt farmer" member of the federal reserve board under the act increasing its personnel to eight has been forecast in official circles. Three suggested were Milo D. Campbell, Coldwater, Mich., president of the National Milk Producers association; Eugene Funk, Bloomington, Ill., well known as a seat corn producer, and Sherman P. Houston, farmer and banker of Malta Bend, Mo.

CROSSLAND Elected Shrine Leader

San Francisco—David W. Crossland, of Alcazar Temple, Montgomery, Ala., was elected Imperial high priest and prophet, and Clarence M. Dunbar of Palestine Temple, Providence, R. I., Imperial guard, nobles of the mystic shrine.

These were the only ones contested for, the others being filled by moving forward the officers next in rank. James McCandless, of Honolulu, became Imperial potente. He announced that he would make his headquarters in San Francisco.

Shiawassee county farmers who have been feeding lambs during the past winter, have marketed the last of their flocks at advantageous prices.

They assert that they have all made money this year and most of them have more than made up their losses of a year ago.

Fire of unknown origin destroyed the round house, machine shop, engine stalls, and other property of the Minneapolis, St. Paul and Salt Lake. Marie railroad at Keesake. Tea locomotives were badly damaged.

C. K. NELSON

Items Of Interest in World's News

Refuses Presidency of Vladivostok.

Vladivostok—Gen. Disterrich refused to present to the president of the Vladivostok government, to which post he was elected after Murkofsky was kicked out; Admiral Stark is acting military chief.

Youth Admits Killing Father.

St. Cloud, Minn.—Jacob Steller, 17, confessed said Apples county attorney, that he killed his father, Thomas Steller, 45, a farmer at St. Wendel, while hunting Sunday, and buried his body.

Report Turks Kill Christians.

London—The Turkish nationalists in northern Anatolia are reported to be slaying Christians in retaliation for bombardment of Samen by Greek war ships, according to Exchange Telegraph dispatch from Athens.

Steal Famous Painting of St. Paul.

Stuttgart, Germany—Rembrandt's painting, "St. Paul in Prison," bearing the date of 1627, valued at 5,000,000 marks, has been stolen from the Government Art Museum here. A reward of 50,000 marks has been offered.

Judge Says Wives Never Obey.

Niagara Falls—Judge Charles H. Piper has eliminated the word "obey" from the marriage ceremonies performed by him as police justice. "Wives never obey their husbands anyway," said the judge, "so why make the ceremony ridiculous by including the injunction?"

Senatorial Nominees Spent \$450.

Dess Moines Ia.—Charles E. Pickett, of Waterloo, spent \$3,387.62 in his campaign for the Republican senatorial nomination, according to his list of campaign expenses filed with the secretary of state. Col. Smith W. Brookhart, the successful candidate, expended approximately \$450.

Teacher Flogger Faces Charge.

Savannah, Ga.—The Georgia school teachers are amenable to state courts for assault and battery. If they flag their pupils, Judge John Schwarz, of the municipal court, ruled when N. E. P. Klose, a grammar school principal, was held to a higher court on complaint of the mother of a boy who had been whipped.

Apples and Cherries On Tree.

Georgetown, Del.—A tree that produced apples last year, and is filled with cherries this year, is the unusual sight on the farm of William Bagley farm near Onanock. Crowds are visiting the farm, to view the strange tree. The tree was one of several purchased from a nursery, and was bought for an apple tree. In every appearance it is an apple tree.

MONUMENT TO HOG, UNVEILED

Hundreds View Dedication of First of Poland-China Breed.

Middletown, Ohio—Hundreds of stock breeders, from all over the country, gathered June 15, at Blue Bell, near here, to witness the unveiling of a monument to a hog, the first of the Poland-China strain.

The monument marks the site of the home of W. C. Hankinson, now dead, who in 1875 wrote the first hog pedigree, which established the Poland-China strain.

Miss Irene Hankinson, a granddaughter, unveiled the monument.

VOTE FAVORS RAILROAD STRIKE

Members of 11 Unions Affected By Wage Cuts May Quit Jobs.

Cincinnati—An overwhelming majority in favor of a strike is being cast by members of 11 shop crafts and maintenance of way unions, said a formal statement issued here by the heads of the unions affected by recent decisions of the railroad labor board, who added that the decisions of the men would be complied with by them.

The combined membership of the unions affected totals 1,225,000 men.

GRAFT INDICTMENT APPEALED

Charles W. Morse and Others Apply For Special Ruling.

Washington—Charles W. Morse, New York banker and shipbuilder, his three sons and eight others indicted for conspiracy to defraud the United States through war contracts, have filed in the District of Columbia supreme court an application for a special appeal from the decision of Justice McCoy, overruling their demurrers. The application was taken under advisement.

LaFollette Attacks Court Decision.

Washington—Declaring that the supreme court decision in the Coronado coal case was "the most ominous in what it foreshadows for the future of union labor in this country," Senator LaFollette, Republican, Wisconsin, is

urging the court to accept his appeal.

It was in the course of his search

through Indiana and Illinois that Geyer came upon the most startling discovery of the entire case—the mysterious building in Chicago known as "Holmes' Castle" or "Holmehurst."

The prisoner had personally supervised the erection of this structure and investigation proved that it contained an air-proof, sound-proof vault, communicating with the cellar by means of a secret staircase. Buried in the cellar floor and half-consumed by quicklime were found the remains of at least five persons who had been lured to Holmehurst and there murdered.

It was in the course of his search

through Indiana and Illinois that Geyer came upon the most startling discovery of the entire case—the mysterious building in Chicago known as "Holmes' Castle" or "Holmehurst."

But Detective Geyer returned to Philadelphia with more than enough evidence to secure conviction, and Holmes paid the penalty for his crime on the gallows.

True Detective Stories

THE SECRET OF HOLMEHURST

Market Report

FURNISHED BY U. S. BUREAU OF MARKETS, WASHINGTON, D. C.

(For the week ending June 18, 1928.)

Fruits and Vegetables

Potato markets weaker. Carolina Irish cobs No. 1 down 5¢ to \$1 per bbl for the week; Virginia stock 25¢ weaker in eastern market, and Chicago down 5¢ to 75¢ in Chicago. Georgia peaches, mostly Carmel and Georgia basket, 45¢ to 50¢ in Chicago and eastern markets, Miles, \$1.50 to \$1.60 New York and Philadelphia.

Live Stock and Meats

Chicago fed cattle prices down 5 to 10¢ for the week. Medium and good beef cattle generally 5 to 15¢ higher with butcher cows and heifers 25 to 50¢ lower. Feeder steers were 15¢ to 20¢ lower. Medium and good veal calves, \$1.75 to 2.25 lower. Lambs ranged from \$1.50 to 2.00 lower while fat ewes were generally 80¢ lower. Rams, \$1.95 to \$2.00, good grade and mostly 5 to 10¢ higher than Thursday's trade.

Report Turkey Kill Christians.

London—The Turkish nationalists in northern Anatolia are reported to be slaying Christians in retaliation for bombardment of Samen by Greek war ships.

An autopsy showed that Perry had died from congestion of the lungs caused by the inhaling of fumes or chloroform, the latter having, presumably, formed the contents of the broken bottle. So, as there were no claimants for the body and no estate, Perry's remains were interred in the Potter's field. There they would have remained undisturbed if it had not been for the evidence of a convict in the St. Louis prison.

Shortly after Perry's death, the Philadelphia branch of the Fidelity Insurance company received letter from Jephtha D. Howe, an attorney in St. Louis, stating that "B. F. Perry" was really Benjamin F. Pitezel, who had carried a \$10,000 life insurance with the Fidelity company. The only person who could be found to identify the body was a man named H. H. Holmes, of Wilmette, Ill., who willingly came to Philadelphia to superintend the exhuming of the body.

Holmes and Howe met in the office of the company, presumably as strangers, and the former, clearly identified the body of the dead man as that of his friend, Pitezel. Satisfied, the insurance company paid the insurance to Howe, Pitezel's attorney, and reimbursed Holmes for his expenses.

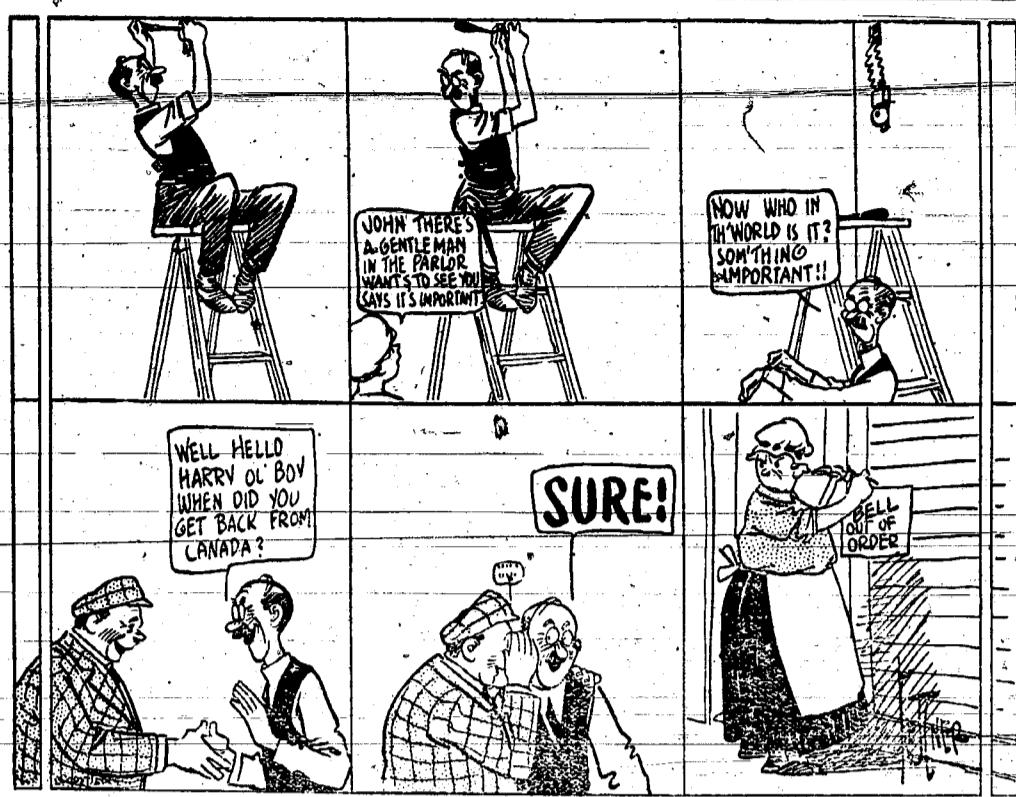

Grain prices unchanged and closed lower for week. Chicago July wheat down 5¢ net; Chicago July corn unchanged. Sentiment mixed and largely bearish. Wheat prices made first of the week, showing a general decline, with the first firm up 10¢ on 14th on bullish crop news.

Declined mainly on liquidation. Weakness in market, market factor of 15. Minneapolis July wheat down 4¢ to 2¢ for week. Kansas City July wheat down 4¢ to 2¢. Winona July wheat down 4¢ to 2¢ for week. Declined mainly on liquidation. Weakness in market, market factor of 15. Minneapolis July wheat down 4¢ to 2¢ for week. Kansas City July wheat down 4¢ to 2¢ for week. Winona July wheat down 4¢ to 2¢ for week.

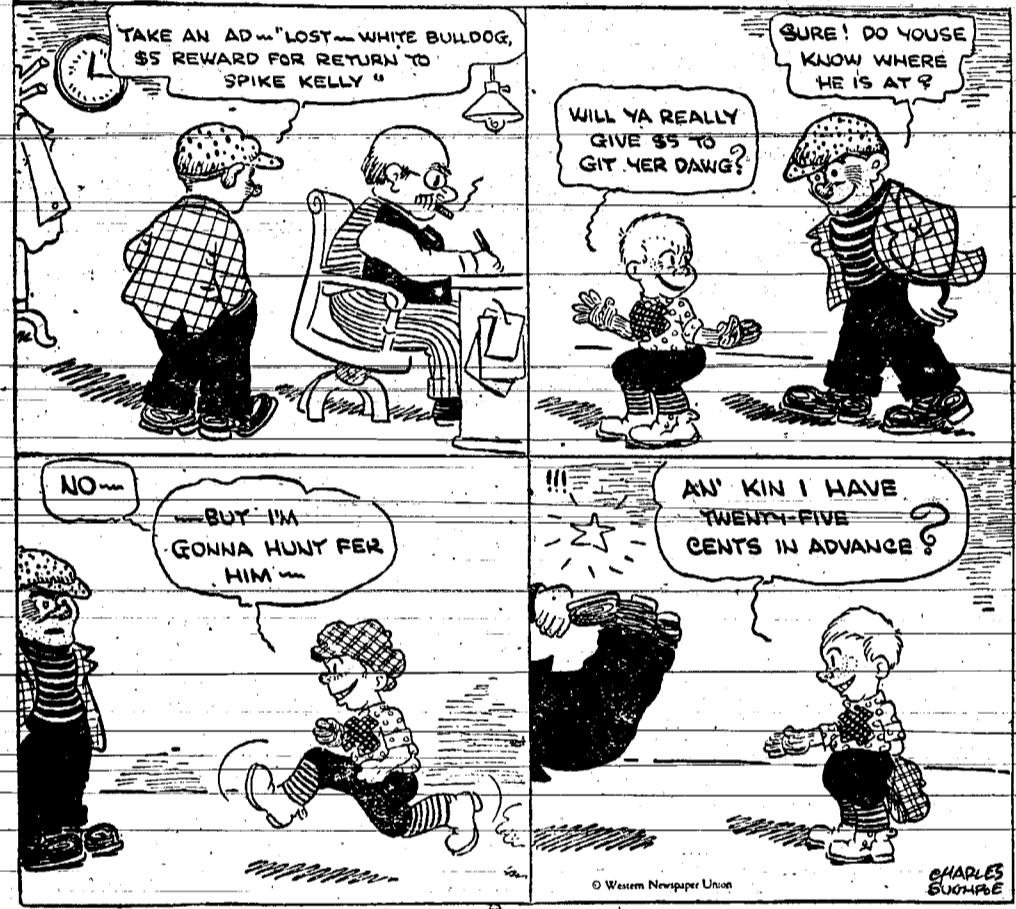

Closing prices in Chicago cash market: No. 2 red winter wheat \$1.14; No. 2 hard winter wheat \$1.16; No. 2 mixed corn \$2.20; No. 2 yellow corn \$2.30; No. 3 white corn \$2.40.

(Copy for This Department Supplied by the American Legion News Service.)

SWAM MEUSE UNDER FIRE

Sergt. M. Waldo Hattler of Joplin, Mo., Wears Medals for World War Bravery.

In the fighting in France Sergt. M. Waldo Hattler of Joplin, Mo., swam the Meuse river under fire after a comrade had perished in the attempt, landed within the German lines and explored their positions thoroughly and swam back across the river with information of great value to the American command. For this he received the croix de guerre of Italy, the equivalent of the French croix de guerre.

Hattler met Gen. Armando Diaz, commander in chief of the Italian armies in the World war, at the third national convention of the American Legion in Kansas City. After this meeting the Italian decoration was presented at a special ceremony in Joplin. The Missourian also wears the American Medal of Honor and the French croix de guerre.

V. P. OF FORTY AND EIGHT

C. E. Cronkite of Los Angeles Is Second in Command of Legion Roughhouse Club.

"Sous Chef de Chemin de Fer National des 40 Hommes et Huit Chevaux." This means—in English—"National Assistant Railway Station Agent of the 40 Men and Eight Horses." But in A. E. F. it stands for vice president of the Forty and Eight, the Legion's Roughhouse club, named after the little French boxcars built to carry "40 men or eight horses."

This imposing title is borne by C. E. Cronkite of Los Angeles, Calif., formerly first lieutenant in the Three Hundred and Twenty-second field signal battalion.

"QUEEN OF THE CANAL ZONE"

Miss Viola Bissell Wins Contest Sponsored by American Legion Department of Panama.

The "Queen of the Canal Zone" has been chosen through an election sponsored by the American Legion, department of Panama. The contest was won by Miss Viola Bissell with 1,307,500 votes. According to her entry-in-a-stick "subjects" she is of the true American type, tall, blonde and athletic. The Panamanians declare her famous smile would win in any contest over any of the beauties of America or Europe.

Slightly Deficient.

Here's one that has leaked out of an O. T. C. after a couple of years or so:

A young man, a good soldier, but sadly lacking in book-learnin', was up for a commission. He staggered through part of the examination to the increasing bewilderment of the officers in charge, but when it came to geographical "questions" his ignorance was limitless. Finally one of the officers, after listening to a piece of astounding misinformation, jumped to his feet and thundered:

"My satiated amur's black cat! Here you are—any you want to defend your country and, by the whiskers of a ring-toed monkey, you don't even know where it is!"—American Legion Weekly.

Middle West National Cemetery.

On the prairies of the Platte river in Nebraska is located the only national cemetery in the Middle West—that of Fort McPherson. Here under the cottonwoods and evergreens of the plains lie the dead of the American wars of the west. Recently 157 of the World war dead from France have been buried there by Fort McPherson post of the American Legion. On 361 of the earlier grave markers is the single word, "Unknown."

"We Aim to Please."

Convict No. 711—I hear Bill the Mugg is out again and that he's the most popular hold-up guy in Chicago.

Convict 117—Yeah. He always gives the victim back car fare, so now he gets the cream of the trade.—American Legion Weekly.

Veterans' Bureau Is Busy.

The United States veterans' bureau, established as an independent government organization after a three years fight by the American Legion, is now handling insurance and compensation cases throughout America and in 20 foreign countries where American soldiers or their dependents reside. Checks go out to such distant countries as Ethiopia, Morocco, Korea and Moravia. In one month 13,000 insurance and compensation checks, having a cash value of \$350,000, were mailed to foreign countries.

AERIALS AND HOW TO INSTALL THEM

One of the greatest advantages of wireless telephone receivers is that an elaborate or expensive aerial is not required. Although good sets with vacuum bulb detectors may be used with an indoor aerial, or even with a "bedstead" or wire "springs" as an aerial, yet an outside aerial will always give better results. As I have already mentioned, a single wire will do as well as several, the main thing being to get the aerial long and high in order to catch "waves" which are not interrupted or interfered with by surrounding buildings, steel bridges, electric wires and similar objects. Next, or rather most important, is to have the aerial and lead-in thoroughly insulated from all surrounding objects, for even wood, when damp, is an excellent conductor. The best material for an amateur aerial is copper wire, which is a stranded phosphor bronze or copper wire, about No. 14, although solid copper wire, copper-covered steel wire or even insulated copper wire will serve every purpose. For insulators, use porcelain cleats. These may be used high, where the lead-in is attached to walls or other objects, and where the aerial wire is attached to the supports or guyes. The accompanying figures, No. 9 and No. 10, illustrate aerials installed, the first showing the wire attached to a chimney or similar structure and to a wall; the other, an aerial which is designed for a tin or slate roof and which obvious makes holes for attachment. Where the

lead-in is attached to a chimney or guyes, the aerial wire is attached to the supports or guyes. The accompanying figures, No. 9 and No. 10, illustrate aerials installed, the first showing the wire attached to a chimney or similar structure and to a wall; the other, an aerial which is designed for a tin or slate roof and which obvious makes holes for attachment. Where the

lead-in is attached to a chimney or guyes, the aerial wire is attached to the supports or guyes. Main group of Earl factories, Jackson, Michigan. Two other plants in Jackson.

Forty Acres of Faith and Works

If I could have my wish, every man and woman who is thinking of buying a motor car would spend a day in Jackson seeing how the Earl is manufactured in our three great plants.

The more you know about high-grade materials and production methods, the more clearly you would see where the Earl gets the endurance, economy, beauty and flexible power which put it in a quality class apart from its price range.

From the huge hammers forging crank shafts and forty other units out of five kinds of white-hot steel—through acres of automatic machines—to the paint shop with its sixteen finishing operations—your factory tour would impress Earl quality and craftsmanship on you at every step.

Backing up the car's striking beauty, astonishing road performance and economy—360 miles of mountain roads on 12 gallons of gasoline in the recent Los Angeles-Yosemite A.A.A. run—this built-in quality and durability are responsible for the enthusiasm of Earl owners and the overwhelming demand which keeps the factory working three shifts of men in many departments.

The Earl is on display in your city. If you can't come to Jackson, go in and size it up. Ride in it. Take the wheel yourself. I know it is the kind of motor car you can afford to own and drive.

AM. ADVENTURE IN PUBLIC EDUCATION

Continued from first page.
ed out the extravagance of people in other and less important things. For instance he stated that the public paid out twice as much each year for face powders and cosmetics as is paid for higher education. In Michigan 5 million dollars annually are paid for perfumes, 30 millions for movies, 30 millions for candies, 65 millions for cigars and tobacco and 65 millions for cigarettes, while the total sum paid

for higher education in the state is but 43 millions. To the class he stated that with the privilege of graduation comes a duty to pay back to the state the amount of money it has spent on their education; this to be done in service for the good of the public. He closed his address by reading a short quotation entitled "Whistle". The diplomas were handed out to the class by Dr. C. R. Keyport, president of the school board. He assured the class of the high esteem in which they are held by the Board and said that each year the classes and in fact

GRAYLING WINS FROM K. OF CS.

(Continued from first page.)

12 frames. The longer he was in the box the better he got, and it seemed that no matter how good the batsman they couldn't get by him. His teammates supported him in shipshape. The Kaysees had a strong line-up and have a great fielding team; they all played fine ball, but not one of them reached the second bag during the whole game. Grayling succeeded in squeezing out six hits from Urban pitching for the visitors, who also made a fine showing in the box for his team. The score for Saturday's game by innings was:

Grayling—0 0 0 0 0 0 0 0 0 1-1-6-3
Bay City—0 0 0 0 0 0 0 0 0 0 0 0 0-1-1

Batteries for Grayling Laurant and Johnson; for Bay City, Urban and Martin.

Struck out by Laurant 7; by Urban 10.

First on balls—off Laurant 1; off Urban 3.

Umpire: Dulos.

Sunday's game came no ways near being anything like the game of the day previous. It seemed as though our boys had not awakened until the third inning, when Bay City had already piled up seven scores, due mostly to errors in the infield. After the third frame they tightened up and the visitors were unable to score again during the remainder of the game. It looked bad for Grayling in the third inning, although they had three runs to their credit. With continual pitching, adding a run in the fourth, one in the fifth and two in the seventh they tied the score; and in the next frame five more runs for Grayling in a long lead and the game ended 12 to 7. Grayling's moundsman for the day was Noa who when he got in form kept the visitors thinking some. Grayling's line-up was somewhat changed for these games due to Almer Smith Grayling's second baseman having his collarbone broken, during a practice game one night last week. Nelson played the first sack, Ray Milnes second and W. Laurant third.

On Sunday, the largest crowd of the season was out, and made one think of ye olden days of base ball in Grayling, and the citizens band added spice to the game by rendering several pieces.

The score for Sunday's game was as follows:

Bay City—1 6 0 0 0 0 0 0 7-5-6

Grayling—1 2 0 1 0 2 5 x-12-11-8

Batteries for Grayling, Noa and Johnson; for Bay City, Eberle, Martin and Urban.

Struck by Noa, 5; by Eberle 3; by Urban 3.

Umpire: Dulos ball and strikes.

Next Sunday the Grayling team will go to Cheboygan to play the team of that city who have almost as good a record as Grayling this season.

Grayling have won every game played this season, making nine straight triumphs.

CARD OF THANKS.

We wish to thank the friends and neighbors for the kindness and sympathy at the funeral of our dear mother, Mrs. Lizzie Kelley whose remains were taken to Frederic for burial.

Mrs. Lula McLinden, Mrs. Myrtle Quigley, and family.

THE HOME OF THE SOUL.

In olden times, it was believed that the seat of the soul was the stomach and in pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by sale of the premises therein described at public auction to the highest bidder at the front door of the court house in the village of Grayling, in said County of Crawford, on the 3rd day of August, A. D. 1922, at ten o'clock in the forenoon of said day, which said premises are described as follows:

All that certain piece or parcel of land situate and being in the Village of Grayling, County of Crawford, and State of Michigan, described as Lot Nine, of Block Thirteen, of Hadley's Second Addition to the Village of Grayling, according to the recorded plat thereof.

Dated May 3rd, 1922.

Anthony Trudeau,
Mortgagor.

Komer L. Fitch,
Attorney for Mortgagor,

Business Address:
Grayling, Mich.

5-4-13.

MORTGAGE SALE.

Whereas, default having been made in the payment of the money secured by a mortgage dated the 15th day of August, A. D. 1920, executed by Floyd Denoyer, and Mahie Denoyer, his wife, of the Village of Grayling, County of Crawford, State of Michigan, to Anthony Trudeau, Sr., of the same place, which said mortgage was recorded in the office of the register of deeds of the County of Crawford and State of Michigan in Liber of Mortgages on pages 275 and 277 on the 17th day of August A. D. 1920 at one o'clock p. m.

And whereas, the amount claimed to be due on said mortgage at the date of this notice is the sum of three hundred ninety one and 84-100 (\$391.84) dollars of principal and interest, and the further sum of thirty (\$30.00) dollars as an attorney fee stipulated for in said mortgage, and which is the whole amount claimed to be unpaid on said mortgage and no suit or proceeding having been instituted at law or in equity to recover the debt now remaining secured by said mortgage or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now therefore, notice is hereby given that by virtue of said power of sale in such case made and provided, said mortgage will be foreclosed by a sale of the premises therein described at public auction to the highest bidder at the front door of the court house in the village of Grayling, in said County of Crawford, on the 3rd day of August, A. D. 1922, at ten o'clock in the forenoon of said day, which said premises are described as follows, to-wit:

All that certain piece or parcel of land situate and being in the Village of Grayling, County of Crawford, and State of Michigan, described as Lot Nine, of Block Thirteen, of Hadley's Second Addition to the Village of Grayling, according to the recorded plat thereof.

Dated May 3rd, 1922.

MORTGAGE SALE.

Whereas, default having been made in the conditions of a certain mortgage, dated the 5th day of March, 1908, executed by Fred Shotts and Belle Shotts his wife, to Eliza J. Brott, which said mortgage was recorded in the office of the register of deeds of Crawford County, Michigan, in Liber B of mortgages on page 516, on March 5, 1908, and which said mortgage was assigned by Eliza J. Brott, to William H. Wallace on February 21, 1910, and which assignment is recorded in the office of the register of deeds of Crawford County, Michigan, in Liber G of mortgages on page 633, on March 28, 1910.

And whereas, the amount claimed to be due on said mortgage at the date of this notice is \$1197.32 principal and interest and the further sum of \$25.00 attorney fee as provided for in said mortgage and no suit or proceeding having been instituted at law or in equity to recover the debt secured by said mortgage or any part thereof whereby the power of sale contained in said mortgage has become operative.

Now, therefore, notice is hereby given that by virtue of the power of sale and in pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by sale of the premises therein described at public auction to the highest bidder at the front door of the court house in the village of Grayling, Crawford County, Michigan, on July 26, 1922, at one o'clock in the afternoon, which premises are described as follows:

The east half of the southeast quarter of section twenty, in township twenty-five, north range three west, excepting one acre off the southeast corner used for school purposes, Beaver Creek Township, Crawford County, Michigan.

Dated April 25, 1922.

RECOMMENDS CHAMBERLAIN'S TABLETS.

Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreeland, Minor, N. Y. Take these tablets when troubled with constipation or indigestion and they will do you good.

CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY.

Every family should keep this preparation at hand during the hot of the summer months. It is almost sure to be needed, and when that time comes, is worth many times its cost. Buy it now.

The Sale You Won't Forget

TIME:
June 24
SAT.

HELLO THERE

FRANK DREESE

Having just returned from the market where I have exchanged ideas with ready buyers and quick sellers I'm justified in saying you can't pick up values at your own home door such as I have selected from houses who are having their large closing out sale of the season. I've carefully looked over the various catalogues and their prices, beautiful cuts and they have stimulated me and goaded me on to quick action, and a basis of the high grade selections and at prices that will make you smile when reading the bill especially on entering this store with prices and styles to back it up, causes you to carry the smile that wears. It's

Smile awhile,
And while you smile another smiles,
And soon there will be miles and miles
of smiles.
And life's worth while because you smile.

Hello There
LIVE WIRE—1043

MEN'S WORK PANTS.

No. 710. Gray Work Pants. 2.00 value, sale \$1.69
No. 2042. Dark stripe cotton pants \$2.50 value, sale \$1.89

JUSTICE AND RIGHT

VOLUME XLIV

MICHIGAN CENTRAL RAILROAD
SHIPS IN LIVESTOCK. WELL
BRED BULLS GO TO TWO
CRAWFORD COUNTY
FARMERS.

Further improvement of the live-
stock in Crawford County was as-
sured last week thru the shipment of
two more well-bred Holstein bulls in-
to this county by the Michigan Central
Railroad. Mr. Joseph Burton of
Grayling and Mr. John McGillis of
Roscommon are the two farmers for-
tunate enough to have secured the
lease on these excellent animals for
a period of two years from the Agricul-
tural Department of the M. C. R.
R. but it was entirely thru the efforts
of County Agent Bailey that this
county obtained its share of these
purebred bulls which are being placed
by the railroad and the breeders
from southern Michigan.

Both bulls are sired by Master King
Segis Glista, whose 46 nearest relatives
average over 10 lbs. of butter
in seven-day records and whose grand-
dam has seven records of over 90 lbs.
of butter in a week. Albeit only a
young bull, his heifers prove that he
transmits high-production character-
istics. Eight of them are already A.
R. O. cows. The dams of both of the
bulls have very excellent records,
each making over 100 pounds of
butter in seven days. His heifers,
and they are very fine in exterior,
With such an array of ancestry, these
two bulls can hardly fail to make
good. They are a valuable asset to
the community.

These animals were raised by Mr.
Corey J. Spencer, Jackson, Michigan,
one of the leading Holstein breeders
in Michigan. He has the welfare of
the livestock industry at heart and
is always ready to assist any im-
provement which will tend to improve the
dairy cattle. He says, "When it has
been shown by hundreds of records
that a purebred bull sold in fair to
increase the milk production of the
daughters over the scrub or grade-
dams by less than a thousand pounds
it seems a pity that any one should
have to use a scrub-sire. As a pure-
bred breeder, I am anxious to
sell my surplus males for
such a low price that no one can afford
to buy anything else but registered
sires."

You can bring the taste of sugar
cheeks and the sparkle of your
eyes by taking Japan M. Lewis' dragees.

The Grand Old Game of Barnyard Golf

An innovation at the Michigan State Fair, Detroit, September 1 to 10, will be the horse-
shoe pitchers' championship tournament. Hundreds of entries already have been made, and
valuable prizes will be given, according to announcement by G. W. Dickinson, secretary-
manager of the fair.

As long as there is any chewin' gum
there never will be any silent drama.

CIRCUS DAY IS UNLUCKY DATE

TWO PICKPOCKETS CAUGHT BY
STATE POLICE IN ACT
OF THIEVERY.

June 2 was circus day in Lansing
and the people of the capital city
flocked in crowds to see the show.
They jammed into the street cars and
some of them afterward found that in
the jostling their pocketbooks had
disappeared. That is often the way
on circus day.

However the Michigan State Police
had anticipated some such occurrence
and Lieuts. Lyons and Cleghorn and
Trooper Rankin were watching the
crowds—and watching for pickpockets.

Charles Hart, 58 years of age, and
Joe Benson, 61 years of age, were ar-
rested on a charge of picking pockets.
Hart pretended to be very indignant
and made as if to get into a big auto-
mobile which was standing nearby.
When the state police told him they
were quite willing to have him drive
them to the jail, he lost all interest
in the car.

Both men were held in \$500 cash
bail for trial.

LOCAL OFFICIALS TO TAKE "PRINTS"

H. C. Ulrey, one of the finger print
experts of the Michigan Department of
Public Safety, has been detailed to
visit the sheriffs and chiefs of police
forces in the state to secure their co-
operation in the taking of finger-
prints for identification purposes in
connection with the bureau main-
tained by the Michigan State Police
at Lansing. Uniform cards are sup-
plied to all local officers for the pur-
pose.

During May, 14 identifications of
criminals were achieved through the
work of this bureau. With a wider
co-operation it is anticipated that the
number each month will grow and
that it will become almost impossible
for a criminal who has once been ar-
rested again in this state.

DAYS OF DIZZINESS.

Come to Hundreds of Grayling Peo-
ple.

There are days of dizziness;
Spells of headaches, languor, back-
ache;

Sometimes rheumatic pains;
Often urinary disorders.

Doan's Kidney Pills are especially
for kidney ill.

Endorsed in Grayling by grateful

friends and neighbors. Ask your

neighbor!

Mrs. Charles Austin, Maple St.,

Grayling, says: "My back caused me

trouble and mornings when I got up

I felt tired out. It seemed as though

my back always ached, especially

when I did any stooping or lifting

work. I couldn't sleep at all and felt

tired and worn out and became ner-
vous, irritable and depressed. Black

spots before my eyes which bothered

me greatly in the morning made me

dizzy. I had headaches and was so

run down I didn't know what to do.

I saw how well Doan's Kidney Pills

were liked so I got several boxes at

Lewis' Drug Store and after using

them I was cured."

Price 60¢ at all dealers. Don't

simply ask for a kidney remedy—get

Doan's Kidney Pills—the same that

Mrs. Austin had. Foster-Milburn Co.,

Mrs. Buffalo, N. Y.

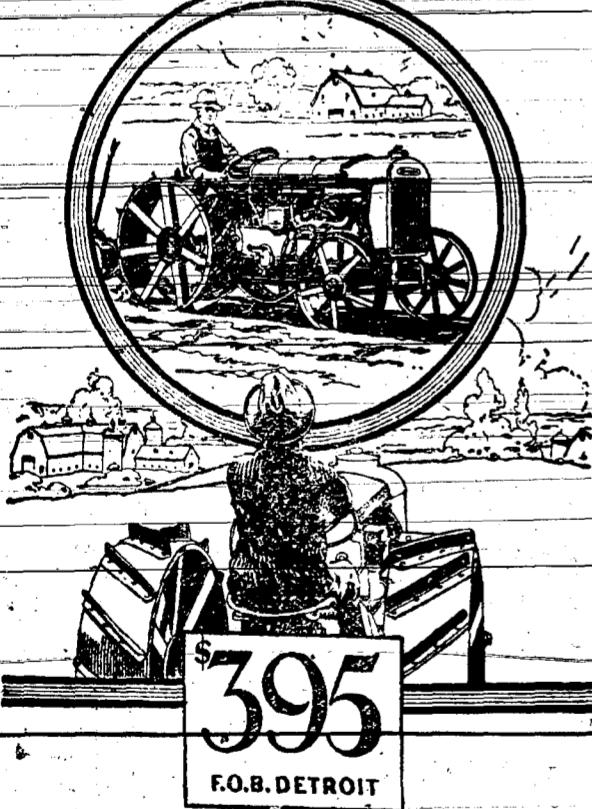

Tired, overworked, run-down men
and women find in Tanlac just what

they need to regain health and

strength. A. M. Lewis, druggist.

Fordson

THE UNIVERSAL TRACTOR

This Astounding Low Price
is the final answer to the high cost of farming
problems.

With a Fordson one man can do more work
easier, and at less expense than two men can do
with horses.

With a Fordson you can actually raise more
crops with less work, lower costs and fewer
hours of work.

With a Fordson you can save money, time and
drudgery on every power job on the farm—the
whole year around.

Let us give you the proofs of the great savings made by
the Fordson. Call, write or phone today.

Geo. Burke, Dealer.

BUILT BETTER than Cars that Cost More.

A CAREFUL analysis of the construction
and complete equipment of the Light-
Six will convince you that it has no dupli-
cate in value in the light car class.

For instance, the machining of the crankshaft and
connecting rods on all surfaces is a manufacturing
practice that is found only on costlier cars.

This particular operation is mainly responsible for
the fine balance of the Light-Six motor and its re-
markable freedom from vibration at all speeds. It
also has an important bearing on the wearing quality
of the car and on its long-lived dependable service.

The exceptional values in the Light-Six are possible
because practically every part that goes into the car
is manufactured complete in the most modern plant in
the world. Parts-makers' profits are practically elim-
inated. Important savings through better methods
and bigger volume permit greater value to the buyer.

From the standpoint of shrewd investment you should
find out why the Light-Six offers you so much more
for your money in performance, service and economy.

This Is a Studebaker Year

Are You Buying Transportation?

or Selling Your Old Truck?

If you are selling your old truck you will no doubt buy a
truck that has a fictitious list price. A truck priced far higher
than its actual value to take care of the over-allowance on the
trade-in, as well as to make you believe you are getting a bet-
ter truck.

If you are buying Transportation you will make careful
comparison of specifications; of the manufacturer's reliability,
experience, ability to take care of you, as well as the dealer
from whom you buy. You will consider his depend-
ability, the size of his parts stock, his method of financing and
his service policy.</
